## Superior Operator Interfaces

Designed to deliver outstanding performance and cut cost at the same time. All Kaspro operator interfaces run on our free-of-charge "KA" configuration software. You asked for flexibility and we delivered. You now can completely customize your operator interface to match your corporate image. KA-Software offers the option to display your logo at power-on.

Kaspro offers three operator interface series: Gemini, Galaxy and Castor. The high quality TFT displays are available in screen sizes from 4.3" up to 15" with prices as low as \$289.00 list. Visit our website and review the complete line-up: [www.kaspro-usa.com](http://www.kaspro-usa.com).

# HMI Model Overview...

## Human Machine Interfaces: Castor, Gemini & Galaxy Series

### Gemini Series

Screen : 65,356 Color TFT  
 CPU : 400 MHz. CPU  
 Serial Ports : 2 Ports  
 USB Ports : 1 Port  
 Ethernet Port : No

### Models

Gemini A : 4.3" Touchscreen \$289.00  
 Gemini B : 4.3" Touchscreen & 8 Function Keys \$289.00

### Galaxy Series

Screen : 65,356 Color TFT  
 CPU : 400 MHz. CPU  
 Serial Ports : 2 Ports  
 USB Ports : 1 Port  
 Ethernet Port : No

### Models

Galaxy-56 : 5.6" Touchscreen \$399.00

### Castor Series

Screen : 65,356 Color TFT  
 CPU : 520 MHz. CPU  
 Serial Ports : 2 Ports  
 USB Ports : 2 Ports  
 Ethernet Port : 1 Port

### Models

Castor-56 : 5.6" Touchscreen \$550.00  
 Castor-80 : 8.0" Touchscreen \$949.00  
 Castor-104 : 10.4" Touchscreen \$1199.00  
 Castor-121 : 12.1" Touchscreen \$1590.00  
 Castor-150 : 15.0" Touchscreen \$1790.00

## Widescreen (16:9) Galaxy Series Human Machine Interfaces

### Galaxy Widescreen Series

Screen : 65,356 Color TFT  
 CPU : 400 MHz. CPU  
 Serial Ports : 3 Ports  
 USB Ports : 1 Port  
 Ethernet Port : 1 Port (WL-model)

### Models

Galaxy-70W : 7.0" Touchscreen \$499.00  
 Galaxy-70WL : 7.0" Touchscreen \$599.00  
 Galaxy-101W : 10.1" Touchscreen \$990.00  
 Galaxy-101WL : 10.1" Touchscreen \$1090.00

## Windows CE Open Panel PCs

### Pollux Series

Screen : 65,356 Color TFT  
 CPU : 520 MHz. Xscale RISC  
 Serial Ports : 2 Ports  
 USB Ports : 2 Ports  
 Ethernet Port : 1 Port  
 Operating System : Windows CE 5.0  
 Software : Web Studio Starter Kit

### Models

Pollux-57 : 5.7" Touchscreen \$640.00  
 Pollux-80 : 7.7" Touchscreen \$940.00  
 Pollux-104 : 10.4" Touchscreen \$1280.00
