**Serving Customers for 60+ Years**

# Industries We Serve

## Food & Beverage

Delivering solutions for optimizing production, ensuring quality control, and maintaining compliance with safety and hygiene standards.

## Packaging

Providing solutions to enhance efficiency, improve precision, and ensure seamless integration across your production lines.

## Automotive

streamlining manufacturing processes, improving precision, and driving production efficiency are our top priorities while servicing you.

## Wastewater

We offer specialized solutions for optimizing pump and motor control, enhancing system monitoring, and ensuring compliance with environmental regulations.

## Life Sciences

We offer tailored solutions to support precise control, compliance with regulatory standards, and streamlined processes for pharmaceutical, biotech, and medical device manufacturing.

# Products We Offer From Reputable Manufacturers

## Drives & Enclosures

We provide a comprehensive range of drives and enclosures designed to meet the diverse needs of our customers through efficiency and reliability in demanding environments.

## Sensors & Cordsets

We supply a wide range of precise sensors and durable cordsets to support seamless industrial automation.

## Push Buttons & Switches

We offer a variety of push buttons that provide reliable control and operation, while our switches ensure seamless functionality and safety in any environment.

## PLCs & HMIs

We provide a wide selection of PLCs and HMIs to streamline industrial processes and enhance user control. These cutting-edge solutions optimize productivity and reduce downtime..

## Safety & Protection

At AA Electric, we offer a range of safety and protection solutions designed to safeguard your operations and personnel. These solutions help our customers create safer work environments, reduce downtime, and protect valuable assets.
