# Why Do Customers Choose AA Electric?

Our long term relationships with our customers have built trust that we are fully committed to their experience. We stock locally to ensure quick and easy delivery. AA Electric also has local engineering teams at each location to solve your applications either on-site or in house.

- Technical support
- Product specification
- PLC, HMI, drives, I/O programming and assistance
- Vision system specification and assistance
- Kitting
- Stocking programs
- Strategic stock warehousing
- Multiple delivery options
- Blanket orders
- On-site and off-site training
- Application assistance
- Data sheet resources
- Cost reduction
- Cross-reference assistance
- Wireless system specification
- Proprietary part engineering
- Robotics specification

## NEW JERSEY

## FLORIDA

## GEORGIA

# A Family Owned & Operated American Company

AA Electric is a locally owned company in the United States, with locations in New Jersey, Georgia and Florida. We have been distributing automation and controls to the industrial market along with technical support and training for over 50+ years. We will find your best solutions with our complete range of products and services **We look forward to exceeding your expectations!**

## Local Engineers & Training

We offer various courses at our Training Center that anyone may attend. Some examples include:

- Intro to Logic & PLC
- Intro to Control Devices
- Wireless in a Plant Environment
- VFD Setup and Operation
- Advanced Programming for Config Software and HMI's

## We Stock Our Warehouse Locally to Anticipate Your Needs

We understand that you need your product as soon as possible after placing an order. That's why we maintain a large stock of automation parts and accessories from over 125 vendors. We work with our manufacturers to improve lead times on custom part builds and shipping.
