OVER 40+ MANUFACTURERS

CLICKABLE LOGOS

OMRON

Industry leader in industrial automation systems.

Reliable PLCs, HMI's, motion controllers..

Cutting-edge machine vision and inspection tools.

Industry-leading safety products.

AI-driven manufacturing technologies.

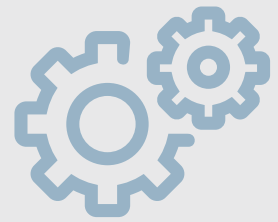

EXPLORE OMRON

1-800-237-8274

a-aelectric.com

TURCK

Reliable sensors and fieldbus technology.

Advanced RFID tracking solutions.

Durable products for harsh environments.

Modular automation for flexibility.

Leaders in decentralized I/O systems.

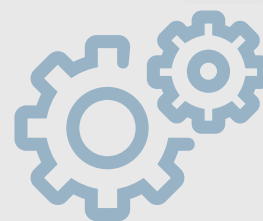

EXPLORE TURCK

1-800-237-8274

a-aelectric.com

Energy-efficient variable frequency drives.

Solutions for HVAC, water, and industrial motors.

Intelligent features like adaptive programming.

Reliable support network.

Drives designed for sustainability.

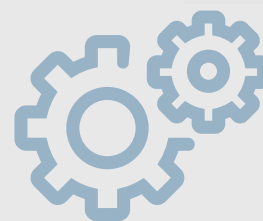

EXPLORE DANFOSS

1-800-237-8274

a-aelectric.com

Precision sensors for any application.

High-performance industrial LED lighting.

Wireless communication solutions.

Trusted sensors and scanners.

Rugged designs for tough environments.

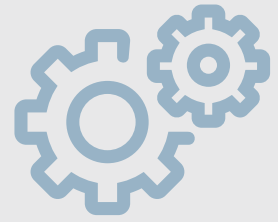

EXPLORE BANNER

1-800-237-8274

a-aelectric.com

Fast, secure wiring connections.

Flexible fieldbus-independent I/O systems.

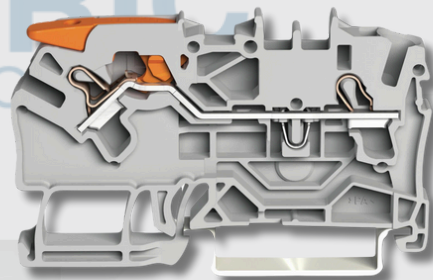

Compact controllers for all industries.

Rapid, secure, maintenance-free connections.

Reliable interface electronics.

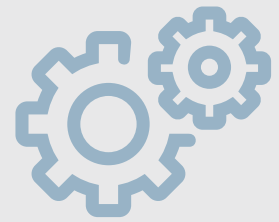

EXPLORE WAGO

1-800-237-8274

a-aelectric.com

YASKAWA

VFDs with the highest MTBF in the industry.

Designed for 10 year life cycle.

Energy-efficient VFDs with smart features.

Scalable and user-friendly systems.

Reliable automation solutions.

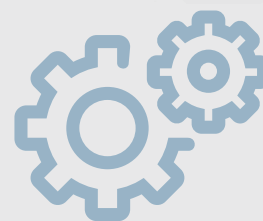

EXPLORE YASKAWA

1-800-237-8274

a-aelectric.com

Advanced industrial networking tools.

Intuitive HMI's for real-time control.

Reliable data monitoring and acquisition.

Rugged products for extreme environments.

Protocol conversion for seamless integration.

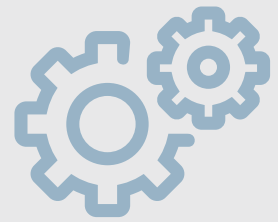

EXPLORE RED LION

1-800-237-8274

a-aelectric.com

EAT•N

Power management and circuit protection.

Efficient motor control solutions.

Durable and energy-saving VFDs.

Energy efficient products.

Focused on sustainable components.

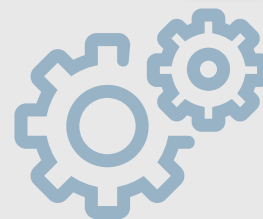

EXPLORE EATON

1-800-237-8274

a-aelectric.com

Weidmüller

High-quality connection technology.

Smart IIoT-ready solutions.

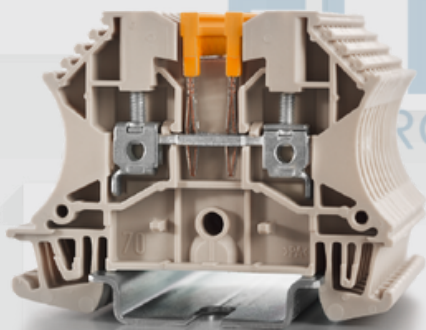

Reliable power and surge protection.

Precision signal processing tools.

Energy-efficient electrical components.

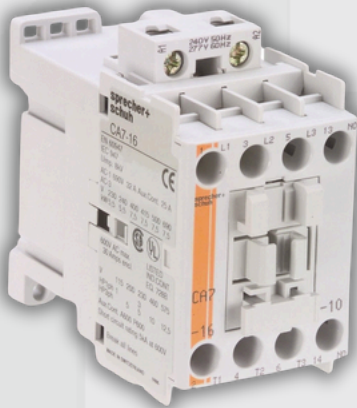

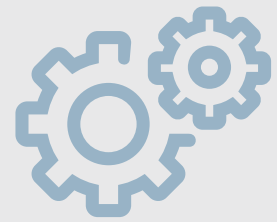

**EXPLORE
WEIDMULLER**

1-800-237-8274

a-aelectric.com

Reliable motor control devices.

Efficient starters, contactors, and relays.

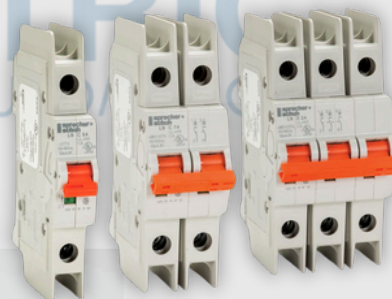

Compact designs for modern systems.

Durable solutions for tough conditions.

Trusted for motor safety and performance.
